TOOL BOXES

Think Of Our Boxes A Version Of

At ALUM-LINE We Think That

It's Important for you to feel that your tools and equipment are safe. Whatever your truck, pickup, semi, delivery, step van or RV, we can supply you with the box that will last a lifetime and secure your possessions.

We offer many types of boxes: Side Boxes, Low Profile Boxes, Cross Over Boxes, Underbody Boxes, RV Boxes, and Truck Beds. We offer many standard boxes to choose from. But, we'll make whatever you need if you don't see it here.

BRINGING YOU THE BEST...

When you say "ALUM-LINE" you've said it all. There are a lot of imitators out there, but no one builds it right like ALUM-LINE.

From the latches to the lids and everything in-between, you just can't beat the quality and the value of ALUM-LINE BOXES. We use the very best materials in our fine products and we don't cut corners in workmanship.

This all adds up to a box you can count on day after day, year after year. They just keep doing the job for you. After all, isn't that what you expect from a quality investment? ALUM-LINE... It's the best, bar none.

Standard Features On All ALUM-LINE Boxes

1. Heavy-duty aircraft grade aluminum.
 2. Treadbrite finish. Smooth mill finish available at no additional cost. Other gauges available for special requirements.
 3. All boxes equipped with stainless steel latches and key locks.
 4. Five year workmanship warranty on manufactured items. Twenty year warranty on aluminum metal to original owner.
 5. Single source your aluminum needs with ALUM-LINE.
- We will do all types of custom applications.

Note: Please specify with the letter "S" after model # for smooth aluminum finish

The people at ALUM-LINE understand product satisfaction. We use our own products everyday! An ALUM-LINE tool box is an investment that you make only once. And, our durable boxes are the right investment in quality. Our goal is providing the best constructed aluminum boxes in the industry, with strong commitment to your satisfaction. We deliver a product that far exceeds competitors standards. If you want a box that is worry free and durable enough for everyday use. Alum-Line is the one for you. use, ALUM-LINE is the one for you.

UNDERBODY BOXES

Underbodies are available to fill any space requirement you may have. ALUM-LINE boxes have the strength to stand up to all types of rugged use. Stainless steel recessed latches provide optimum security and machine chains suspend the door when open. Have your door swing to the side at no extra cost. Use in single or multiple applications. The sizes listed are also available in a top opening lid. Factory mounting brackets in steel or aluminum are available.

Standard Features:

1. .100 aircraft grade treadbrite aluminum (.125 smooth available same cost).
2. Interlocking with rubber gasket.
3. Drop down doors with chain hangers (swing to side also available same cost).
4. Continuous aluminum hinges. Strap hinge on special applications.
5. Key lock recessed stainless steel T-handle latches, two latches on 4' boxes and larger.

CROSS-OVER BOXES

ALUM-LINE cross-over boxes are built with commercial use in mind. Starting with heavy gauge aluminum and seams that are welded both inside and out, where you need it most. Durable hardware includes stainless steel paddle latches and smooth operating gas prop lids. The lids are also reinforced with tubing on the inside for the weight that may get stacked on top.

Standard Features:

1. .080 gauge aircraft grade aluminum, welded seams.
2. Treadbrite aluminum construction (smooth aluminum available).
3. Heavy-duty continuous hinge.
4. All boxes shipped with key locks.
5. Heavy-duty gas props on all lids.
6. Stainless steel paddle handles on all lids (double connecting latch on full lid boxes with adjustable catches).
7. Tight fitting lids with rubber gaskets.
8. Aluminum sliding storage tray on teflon sliders.
9. Choose from three styles of lids: full lid, split lid, split lid toward cab.
