

ALUMINUM UTILITY TRAILERS

The American Standard in Aluminum Trailers

**FLATBED, UTILITY &
OPEN AUTO TRANSPORT**

**SUPERIOR QUALITY
YOU DESERVE IN:**

- ABOVE TIRE FLATBEDS
 - LOW PROFILE
 - HOT SHOT
 - SKID LOADER
 - HEAVY-DUTY UTILITY
 - OPEN AUTO TRAILERS
 - DUMP BEDS
- AND MORE!**

**THE CLOSER YOU LOOK,
THE MORE YOU'LL
LIKE ALUM-LINE.**

When you choose ALUM-LINE, you are buying unmatched quality, strength, and lifelong value not found in other trailers. Don't be fooled by others that claim to be all-aluminum. You need to look deeper. ALUM-LINE is built with two separate mainframe extrusions. The outer perimeter rail is the foundation to the strength of the trailer. The second extrusion is our exclusive tongue and groove aluminum flooring. Both extrusions have been tested to exceed the axle capacities of the trailer you select.

We build for commercial use – you'll find more welding and workmanship in the details. We pride ourselves on the little things: stainless steel fasteners, enclosed electrical wiring, quality built axles, tires, and a top notch light package.

ALUM-LINE – a safe and worry-free trailer you can buy with confidence.
